# Harrold's Seed Brokerage List

" HIGHEST QUALITY AT A SAVING "

HARROLD'S — Brokerage Division.

P. O. BOX 29 - K, GRANTS PASS, OREGON.

VOL. 1, NO. 2 — JANUARY 15, 1950.

## WE'RE STILL OFFERING HIGHEST QUALITY AT MONEY-SAVING PRICES

From that you can assume that our initial offer made in the first of these special departmental lists last month has met with encouraging results. Going out as it did just before the holiday season when business in this line is usually paralyzed the response has been all that could be wished for.

### WE WANT YOU TO COMPARE OUR PRICES

We believe that we can save you 10 to 35% on your seed requirements in these thoroughly standard varieties and we want you to compare our prices with those of any other seedsman. This is simple to do as we quote here in 1/100 or 1/10 ounce decimal fractions rather than geometric fractions so long used in this trade. To compare our price if quoted in .1 oz. (1/10th oz.) simply add one zero to the unit price and check with the full ounce price normally quoted by seedsmen. You'll be surprised at the saving.

### OUR SEEDS ARE OF THE HIGHEST QUALITY

They are produced by the foremost and largest seed growers in America. They are the same stock sold by most American seed dealers to their most discriminating customers. They are from the same sources we have sold from for the past 20 years. **THEY ARE GOOD.**

## THERE ARE SOME REASONS FOR THIS METHOD OF MARKETING AND PRICING

We are changing all quantities offered by this department to decimal fractions, replacing the more cumbersome geometric fractions so long in use. This affords easier pricing and buying, gives easier comparisons as to how much of a kind to buy and affords other handling economies we can and are handing on to you.

We are discontinuing special services — 12 hour service; free air mail; long term inventory; credit account service and the other specials that have added to the cost of merchandising seeds in recent years. If you will but anticipate your needs reasonably we'll get you good delivery with reasonable promptness. If you want shipment made by air mail be sure and add postage for this purpose and at the rate in effect in amount double the net weight of the seeds ordered to allow for packing.

WE WILL SHIP ALL ORDERS AS QUICKLY AS POSSIBLE IN THE ROTATION OF THEIR RECEIPT BUT PLEASE ALLOW SUFFICIENT TIME FOR YOUR ORDER TO ARRIVE AND RETURN IN NORMAL TRANSPORT TIME WITH REASONABLE ALLOWANCE FOR FROM THREE DAYS TO A WEEK FOR PROCESSING UNDER NORMAL CONDITIONS. In rush periods rotation shipping will still be adhered to and shipment made as quickly as possible. All offers are made subject to availability at time of shipment.

TERMS. STRICTLY CASH WITH ORDER.

## Aster Seeds

About 12,000 seeds per oz. Average production about 500 plants per .1 ounce.

MINIMUM QUANTITY SOLD .2 OZ. (2/10 OZ.) PRICE PER .1 OZ. and 1. OZ.  
VARIETY COLOR .2 to .5 .5 to 1. 2 ozs.  
ounce ounce or more

### EARLY GIANT WILT RESISTANT:
